The longer the word you spell, the more points you get! It's great for learning new words and expanding your vocabulary.. The game includes thousands and thousands of words from 3 to 7 letters long, so you won't get the same set of letters twice in any round.. Anyone who plays - kids, teenagers, students, non-native English speakers, and adults - will come away from Super Text Twist with a more complete grasp of the language, and a great experience to boot! Do you have or know children who don't like spelling, and like practicing spelling even less?Appendix is the popular carry position we all have endured a love/hate relationship with, but BlackPoint has developed a dedicated solution.. You must find at least one word that uses all the letters to continue playing to the next level, and bonus points are awarded for figuring out all the words on a given level.. Super Text Twist just might be the answer to the problem Give the kids a turn and they're hooked.
